

Engineering Change Notice

Title: ECN001- Main Motor - Cassida Pro Zeus

ECN Issue Date	10/03/2016			
ECN No.	Part Name	Part Description	Original Part No.	New Part No.
001	ASSY_MAIN_MOTOR	Motor that controls the feeding mechanism and tract belt/rollers	1A10002A	1A10002A

Description of Change:

Units manufactured on or after 10/22/2016 will feature the production Main Motor. The change can be tracked by Serial Number. For more information, please email us at engineering@cassidapro.com.

Reason for Change:

The production Main Motor is CE and FCC certified and is in the process of UL certification. Note that the Main Motor change does not affect the functionality of Zeus. The power output and size/weight of the Main Motor remains unchanged.

Effects of Change:

- All future software and hardware updates will be based off the production Main Motor.
- *Cassida Corporation* will no longer stock the pre-production Main Motor as a spare part; all units that need Main Motor replacement will receive the production Main Motor. Please refer to the *Zeus Spare Parts List* for pricing information.
